

AgroVit® Levucell - Green

MOSEGÅRDEN A/S

AgroVit® Levucell - Green Mineral feed for cattle

**Added living yeast culture for improved
feed efficiency**

AgroVit® Levucell - Green is used:

- By starchy rations and in rations where a high intake of roughage is desired
- In situations where it is difficult to counterbalance the feed ration
- During periods where the fertiliser texture is thin/ inhomogeneous

With **AgroVit® Levucell - Green** you will get:

- An easier change of feed - both from and to easily digestible feed and by summer feedings with large grazing
- A product which may be used in organic herds

Allocation:

Indicative allocation: 50 grams per cow/day

Composition:

Sodium bicarbonate, feed chalk, magnesiumoxide MG

Guarantee of content:

Calcium (Ca)	15.0 %
Phosphorus (P)	0.0 %
